

RECORDING PRESSURE GAUGE

Pressure variation with passage of time is continuously and automatically recorded on round - shaped chart paper. It is mainly used in chemical plants and can perform high accuracy pressure control rationally and efficiently.

- **Size** : 200 ϕ / 250 ϕ
- **Shape of casing** : Wall hanging type
- **Pressure range** : 0 ~ 100kg/cm²
- **Recording time** : 6/12/24/168 hours
- **Operating system** : Manual winding system,
Electric system (AC100V 50Hz · 60Hz)
- **Connecting thread** : G 3/8 · 1/2
- **Accuracy** : Within $\pm 1/2$ scale of the minimum scale
